La Soirée Concert Series Hits All The Right Notes

Anticipation is rife for the arrival of the first *La Soirée* Concert Series ever to be held in Manchester. The concert series, a newcomer to the Manchester arts-scene, is the brainchild of Your Event Musicians Director and professional concert pianist Benny Hui, who is set to reclaim relaxation for the traditional concert series.

Mr. Hui said, "The idea behind the concert series is to relax some of the formality surrounding classical music. I firmly believe that quality live music is to be enjoyed by everyone all of the time. For the *La Soirée* series we've brought together an eclectic mix of Latin, classical piano, harpists and Alto sax performers. We've even managed to squeeze in a musical round-the-world tour and a world-premiere piano/poetry collaboration that celebrates the life of Chopin."

Each concert in the series, held in the central Manchester location of Cross St. Chapel, costs £10 and this includes a complimentary glass of wine. The series kick-starts on Friday 27th August at 7:30pm in time for the Bank Holiday and Mr. Hui is hoping lots of people will go along to enjoy the festivities.

"The first concert in the series is really quite special. We're extremely delighted to welcome the exciting Latin band *Diáspora* to the *La Soirée* stage, who will be performing an exciting blend of Sandunga and Clave music – stuff to really get people to kick off their shoes and dance the night away!"
